

# Office Extension Lite

## A Self-Service Extension of Your Office

Office Extension 3.0 is a favorite of Government, Courts, Housing Authorities and Human Resources. Office Extension Lite offers the same great features in a smaller, more affordable package designed for shorter interactions in low-risk environments.

### Extend the reach of your office's capabilities:

- ✓ Scan & print forms, documents and receipts
- ✓ Automated text message and email notifications
- ✓ Translate your interface to over 100 languages
- ✓ Pay bills (3rd-party application required)
- ✓ Secure scan and upload of documents
- ✓ Assisted form fill and submission right from the kiosk
- ✓ Improved homepage editor & media library
- ✓ Contact directory call and text
- ✓ Secure access to websites or web-based applications

Last Revised 9.20.2023

**GSA** Contract Holder

**Price: \$4,487 each\***

*\*Pricing based on a quantity of 2 kiosks. Includes hardware, onboarding, yearly software & support. Shipping not included.*

## SOFTWARE

Customize the touch screen interface. Most everything on the interface below is configurable. Configuration requires minimal technical skill. Don't worry, our onboarding team will assist you throughout the process!

Customize your interface with your organization's logo, branding, colors, and background

Configure buttons to securely direct users to any website, print or scan documents, make phone calls, fill out forms and more

Translate interface to hundreds of language options (see page 3)

Add decorative or informational images to slide show as desired

Complete and submit digital or printed documents directly on the kiosk

Link to features on your website such as payment portals, interactive maps, event calendars & more

Helpful feedback tools such as satisfaction surveys and usage reports

Our **ZAMOK Kiosk Management Software** is the platform that brings Office Extension 3.0 to life.

## FEATURES & BENEFITS

Office Extension 3.0 is packed with even more powerful features to modernize your office and maximize efficiency within your business.

### INTERFACE TRANSLATION

Users can instantly transform their interface into their choice of one of hundreds of languages. Subsequent PDFs & web pages are automatically translated into the chosen language. Kiosk administrators automatically receive the translated document along with the original.

**Benefits: User Experience, Accessibility, Customer Engagement**

### INSTRUCTIONAL VIDEO

The kiosk recognizes when a visitor has entered the lobby and launches a helpful instructional video to provide guidance on how to proceed. This feature helps to set expectations, support productive interactions and build trust through positive user experiences.

**Benefits: User Experience, User Efficiency, Customer Engagement, Enhanced Brand Awareness**

### DOCUMENT UPLOAD

Office Extension's scanning process has been redesigned for improved user experience. Now offering seamless scan-to-upload, streamlining the process of submitting completed documents. Requires no third-party site integration. Just tap the upload button, scan, and the submission is complete!

**Benefits: User Experience, User & Staff Efficiency, Error Reduction, Enhanced Security**

### KIOSK FORMFLOW

Simplify complex form-filling by providing a guided experience with a progress bar, parsed questions and field validation. The user can translate the form to their preferred language, and Kiosk FormFlow delivers the completed form in both the user's translated language as well as in its original format.

**Benefits: User Experience, Staff Efficiency, Error Reduction, Cost Savings, Policy Compliance**

### HOMEPAGE THEME EDITOR

The Homepage Theme editor gives kiosk administrators more control than ever while configuring their kiosk's user interface. Choose from a list of standard templates or configure your own layout with simple, intuitive point-and-click editor tools.

**Benefits: User Experience, Administrator Efficiency, Enhanced Brand Awareness, Improved Customization**

### MEDIA LIBRARY

Personalizing your Zamok account just got a lot easier with the redesigned media library. With a newly redesigned interface and added functionality, kiosk administrators are empowered to create and manage content on their kiosk with ease.

**Benefits: Administrator User Experience, Administrator Efficiency, Enhanced Brand Awareness**

### WEEKLY REPORTS AND NOTIFICATIONS

Alerts, statistics, and usage trends are generated from each kiosk and then formatted into a weekly report to help determine effectiveness and track ROI.

**Benefits: Improved Performance Analysis, Enhanced Communication, Improved Return on Investment**
